

Indication Unit

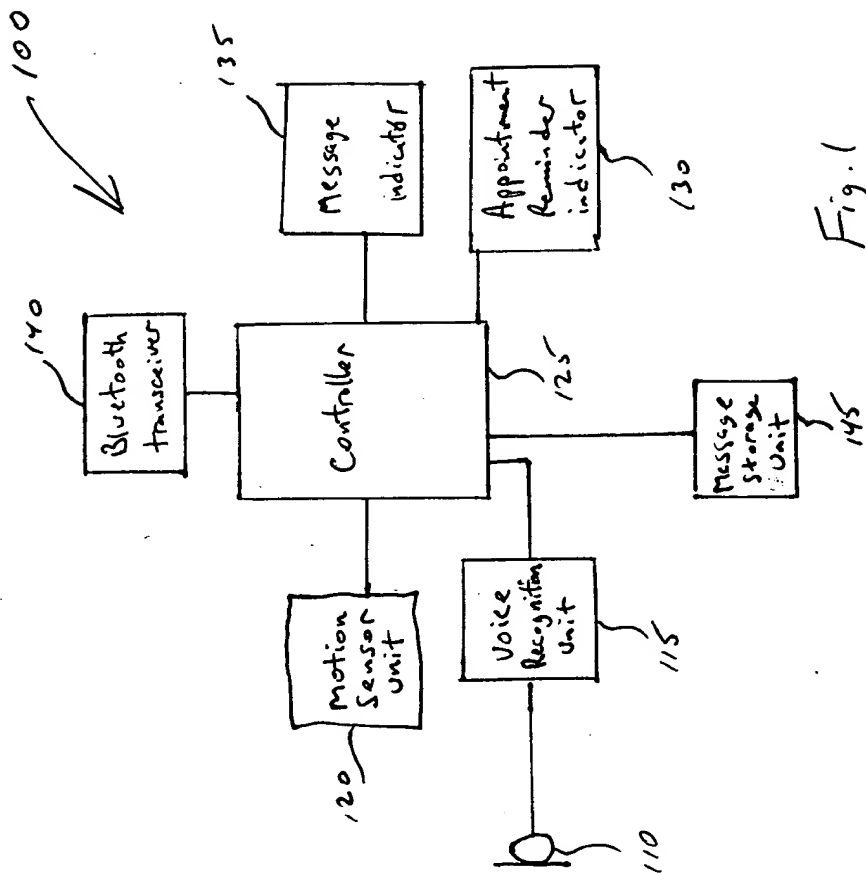

Fig. 1

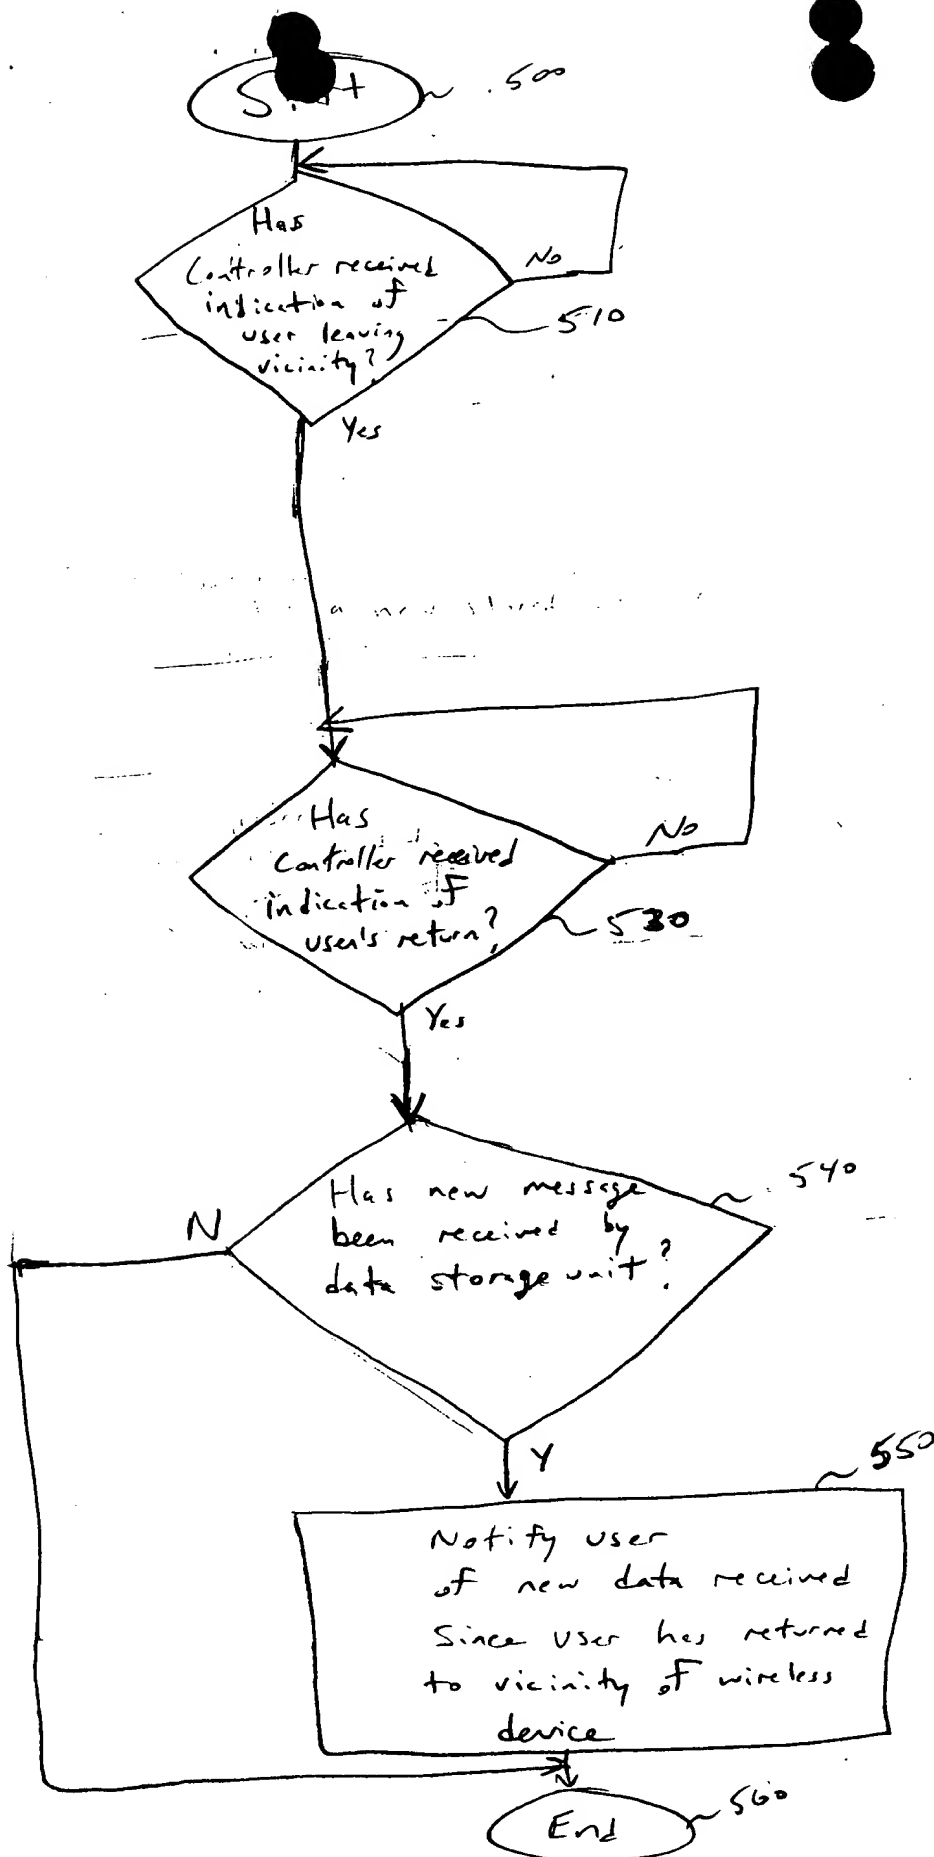

Fig. 2

A block diagram of a portable device 100. The device is represented by a large rectangle. Inside this rectangle, on the right side, is a smaller rectangle labeled "Indication Unit". A line points from the label "100" to the bottom right corner of the large rectangle. Another line points from the label "200" to the top right corner of the "Indication Unit" rectangle.
